ROADS AS NAMED BY THE SELECTMEN ACCORDING
TO TOWN MEETING VOTE

Pursuant to a vote of the town the Selectmen met at the Town Hall on the evening of Dec. 7, 1942, after due notice was given through the columns of the EXETER NEWS LETTER, and after offering citizens of the town a chance to be heard, they decided upon the list below as names for the Roads, Hills and Corners of the town, as those fixed by usage and fitted by obvious reasons to be such names. This report is, of course, a subject for discussion and amendment at the regular annual meeting in March 1943, if any citizen chooses to bring it up.

Respectfully submitted,

GEORGE I. ARMSTRONG,
JOHN W. YORK,
OTIS H. EASTMAN.

Main Road shall extend from the South Hampton line near the home of Howard T. Outwater to the Exeter line below the home of George B. Shaw. This road has been so-called since 1938 when the last link was built from Brick School corner to Exeter line.

In early days the main line of travel thru town was from Hampton to Kingston, and three parallel roads across the town, with their side-roads and branches, were THE SOUTH, THE MIDDLE and THE NORTH ROADS of the town.

We therefore follow those roads and their branches, and name such roads as follows: OLD SOUTH ROAD AND BRANCHES.

New Zealand Road from Hampton Falls line below Leavitt Brown's to Eastman Corner.

South Road from Eastman Corner to East Kingston line above David Hodgdon's.

Salisbury Road, the old road, sometimes called the Arab Road.

Seabrook Road, the old road from near the home of Charles Eastman to Seabrook line.

Peak Road, the road by the home of Harry Greenwood.

Beaver Dam Road, the way running from South Road to the corner connecting with Muddy Pond Road.

Queen's Bridge Corner, the old way by the home of Eugene F. Simon.

Hickory Lane, the road running from Queen's Bridge to the home of Royal N. Hallowell.

Lovering Road, from Queen's Bridge Corner to Tappan's Corner.

Clifford Ridge, the upper end of South Road by David F. Hodgdon's.

West School House Corner and Road, the corner where the road divides to go by Mr. Comfort's on one hand and by Mr. Morrill's on the other and the road that goes thru to Harold W. Bodwell's.

Muddy Pond Road and Muddy Pond Hill, the road going by Eddie Morrill's and John P. Blake's, with the hill first known as "Corner Hill" and later as "Weymouth Hill."

Beaver Dam Corner and Beaver Dam Road, the corner where the way turns from "Muddy Pond Road," and the way down by the house of Roland D. Sawyer, Jr. to South Road.

OLD MIDDLE ROAD AND BRANCHES

Lamprey Road, the way from Hampton Falls line to Lamprey Corner.

Dow Road, the short side road from "Lamprey Road" to the home of Charles and Carrie Robie.

Cottage Road, the one-time Palmer Lane from East School Corner to the corner where it enters Muddy Pond Road.

Wild Pasture Road, from Lamprey Corner to "Frying Pan Corner."

Peveare Lane, the way from Main Road to the home of Moses W. Brewster.

Trundle-Bed Lane, from "The Common" in the "City" to Mace's Corner.

Stumpfield Road, from Mace's Corner to East Kingston line.

Dearborn Road, the way that turns off before the home of Mr. Bodwell.

OLD NORTH ROAD AND BRANCHES

Drinkwater Road, from "Frying Pan Corner" to Exeter line.

North Road, from Prescott's Corner to Moulton Ridge.

Round Hill Road, the way around Round Hill to Osgood Road.

Moulton Ridge, from Hilliard's Corner to East Kingston line.

Hilliard Road, the way by the home of Walter A. Hilliard.

Shaw's Hill Road, the way from Main Road by Shaw's Hill and down to Main Road again.

Popple Plain Corner, the corner where Hilliard Road enters Shaw's Hill Road.

Haverhill Road, from Exeter Line to East Kingston line over York's Hill.

Kimball Road, the way into Exeter by the home of Frank Kimball.

Osgood Road, the road from the Meeting House corner to Frying Pan corner, where it unites with Frying Pan Road of Hampton Falls.

Report of Superintendent of Schools

To the School Board of Kensington, New Hampshire:

I take pleasure in submitting my annual report as Superintendent of Schools, the twenty-fourth in the series.

For the last eight or ten years not many Kensington pupils have attended the seventh and eighth grades in our local schools. Instead, most parents, taking advantage of an earlier vote of the district to pay the tuition of seventh and eighth grade pupils in larger towns, have sent their children to the junior high schools of Exeter and Amesbury. However, the enrollment of such pupils for the current year in our local schools has increased to nine. Doubtless, war time restrictions on transportation have caused this change. There can be little hope that transportation facilities will improve much for several years, nor that the Office of Defense Transportation will allow, after a year or two, any transportation to outside schools when local schools are available. For that reason, the discussion in your recent annual district meetings on the subject of grade combinations has been and is now timely. It is certain that Kensington parents and taxpayers desire the best education that they can afford for their children. It is generally understood that a teacher can do better work for her pupils if she has a few similar grades in her room instead of eight diverse grades. While the erection of a central school probably can be only in plan, for the present and immediate future, it is the very time now to arrange some combination of grades in our present buildings. Table I shows that the present year's enrollment could be placed in our local school houses, the lower grades in one building, the upper grades in the other.

All tables appended to this report are commended to your attention as is the report of the school nurse and music supervisor. These, with the treasurer's report and proposed budget for the coming year, present in a concise form many details of the business of our schools.

I have high praise for Mrs. Sheehy's work and the personal interest she takes in pupils and their families. We are proud of the rating and physical fitness attained by our boys and girls in the recent examinations which military or naval authorities have given them.

Miss Beaton's instruction and drill in music is well done each week and I am sure will grow more successful as the number of older pupils increases.

Our regular teachers continue the painstaking and efficient work they have done in the past. Their daily duties must be carried on

with the present world struggle in mind. Specific duties, outside of school room teaching and management, such as have been required by the Office of Price Administration in registering holders of War Ration Books, have been numerous and cheerfully and patriotically performed. I would mention here, also, the generous contribution of time and effort to the War Rationing Program by school board members and many other citizens.

I wish to report to you my own satisfaction in the celebration last June of the one hundredth anniversary of the erection of the North Schoolhouse and the high praise of this occasion which I have heard from many others. The program of the events of the day, the words of those who addressed us and a roster of old pupils and teachers present should be preserved in the archives of the town. The Members of the Parent-Teacher Association deserve great praise for their sponsorship of the occasion which was such an unqualified success.

In the olden days of rural school construction little attention was given to play space for children. Boys and girls were then required to do more farm work than now; they also had to do more walking than now and there was no need of a play ground to keep them away from the danger of automobile accidents. Now, however, an adequate play space, well equipped, is one of the important means of improving the training received by all school pupils. The training and education of our own children would be much the better for a better chance to play. Can this be accomplished now or in the not too distant future?

This year we must resolve that in spite of the difficulties and the extra work that we find in the operation of our schools on account of the war, there shall be no let down of effort. We must see to it that the ideals of right, of free enterprise, and of all freedoms continue to shine before the pupils in our schools, and we must strive as never in the past to play our useful and honorable part in the training of good American citizens. It may well thrill all who share in the management of public schools to realize that they have a large part in the war and have helped to train boys and girls who, after the war is over will be better builders of peace because of their early schooling.

We who are concerned with the daily operation of the schools, teachers and supervisors alike, thank you for your interest in our work and we renew our pledge to give the schools our best efforts.

Respectfully submitted,

CLIFTON A. TOWLE,

Superintendent of Supervisory Union No. 16.

Exeter, New Hampshire, February 8, 1943.

Perfect Attendance for Entire Year 1941-1942

Report of the School Nurse

There were 49 children examined with 46 more or less serious conditions found. Of these, 24 were definitely corrected during the year through the co-operation of parents, family physicians or clinics. No dental clinic was held due to the over work of dentist who can find no time for clinic work at this time. However, parents have been co-operative with the result that eighteen children have had complete dental care. All children are vaccinated against small pox and 35 have been inoculated against diphtheria. No serious epidemics in the schools appeared last year. 22 visits were made to the schools.

I wish to thank our Superintendent Mr. Towle, School Board, teachers and parents for their splendid co-operation and help with my work.

Respectfully submitted,

ELOISE B. SHEEHY, *R. N.*

Report of Supervisor of Music

To the Superintendent and School Board of the School District of Kensington:

I hereby submit a report of the activities in music.

The time allotted to Kensington each week is one half hour for each room.

In the first four grades the singing is entirely by note. The purpose is to help the first grade and uncertain singers to find their singing voice and to form a background for all upon which to build note reading and, of course, singing for pleasure. In the upper four grades the singing is almost entirely by note with occasional rote songs that seem to encourage spontaneous singing and provide songs that may be sung from memory.

The group in the North School is unusually free from uncertain singers and non-singers. All, with one or two exceptions, can sing and those exceptions show definite signs of being able to sing eventually. I find this unusual in a rural school.

The East School seems to have come in for more than its share of uncertain singers and low singers making tuneful singing hard to get. Once a child is beyond the fourth grade it is hard to give him help along this line because he becomes too self conscious to respond. In the lower grades we do quite a lot of individual work in correction of this fault. I am glad to report improvement. This primary group has great enthusiasm for singing either individually or in groups.

I have enjoyed the work in Kensington very much and I wish to thank Mrs. Rosencrantz and Miss Noulton for their splendid co-operation.

Respectfully submitted,

JEAN A. BEATON.
